Here you go.

Se instructions below.

Need one for each camera.

**Subject:** RE: cameras

Have them fill out the attached camera pass. I have attached the PPS as well.  
Obviously anything that will be public release will need to be reviewed by Karen before it goes anywhere.

They have multiple cameras they need to use.

How do we permit this?

Jay,

I forget whether or not we can bring cameras in. We will have to document the test area and the flights. If necessary, you can control the cameras and limit them to the test site.

Thanks.

Brian
